CREATING TRUE VALRUE FOR YOU.

Exhibition makes business.

**Endorsed exhibition means  
competitiveness.**

### ➔ What is an Endorsement?

Endorsement is objectively investigating exhibitions through verification of exhibition figures like an exhibition space, the number of exhibitors and visitors and giving official approval to exhibitions through awarding an endorsement trademark.

Understanding the increase in demand and importance of exhibition for corporate marketing, Korean government has initiated a policy from 2005 to evaluate all exhibitions for certification candidacy. From 2002 to 2004, a trial run for the certification system was carried out. According to the statutes of 'exhibition industry development policy' which was enacted in September 22nd 2008, Ministry of Trade, Industry & Energy has become the main agency that approves the system.

## ● Types of Endorsement

Contents	Types of Endorsement(Agency)	
① Data audit	① Endorsed Exhibition (MOTIE)	
② Requirements - Held at least twice previously - At least one condition must be satisfied. - at least 10% of total exhibitors must be foreign companies - at least 5% of total visitors must be foreign visitors	① + ② Int'l Endorsed Exhibition (MOTIE)	

※ Data Auditor : Daejeon Accounting Corporation

## ● Advantages of Endorsement

Can evaluate and compare reliability of each exhibition through independent verification and standardized regulation.

- 01\_The 'exhibitor' can choose an exhibition that fits their corporate marketing goal. Also, it is available for the exhibitor to set clear and concrete goals for the participation. Post-evaluation of participation and performance can also be obtained.
- 02\_The effective management of the exhibition can assist 'organizers' to expand their exhibitions. By comparison, promotion for endorsed exhibitions has a greater advantage over unendorsed exhibitions to make a great difference in marketing outcome.  
(Can apply for the government support to domestic exhibitions)
- 03\_The visitor's choice for exhibition will be used as the base data

## ● Strengthening the support for endorsed exhibitions

- 01\_Qualified as applying for the government project to domestic exhibition
- 02\_Getting an extra credit when local government sponsors top exhibitions
- 03\_Marking the 'Endorsement Trademark' on promotional materials such as 'Exhibition Information & Maps'
- 04\_Qualified as participating in overseas road show
- 05\_Providing an endorsement banner during the next exhibition
